

# Smart Solutions for Benefits Management

Struggling with complex benefits administration, manual processes, or system inefficiencies? **Trionfo is your solution.** Our platform streamlines the entire benefits life cycle—integrating enrollment, billing, and more—so you can reduce errors, save time, and make smarter decisions.

## Our Solutions

### Quoting and Decision Tool

A seamless quote-to-card experience for brokers, employers, and employees. Features include:

- Health and Ancillary quoting with top carriers
- Plan comparison and description
- Contribution modeling
- Employee onboarding with e-signature

### Benefits Administration Platform

Efficiently enroll and manage benefits within the same system, featuring:

- Updates to benefits elections
- Updates to employee demographics, additions and terminations
- Management of qualifying life events
- Management of dependent information
- Renewals management
- Self-service portal for employee

### Billing Administration

Comprehensive billing solutions for complex needs, offering:

- Invoice generation and reconciliation
- Adjustments and administration
- Various billing types tailored to group/individual setups

### Additional Services

In addition to our core benefits administration platform, Trionfo provides a range of additional services, including:

- Carrier and payroll integrations
- ACA Reporting
  - 1094/1095 form generation
  - PDF delivery to the IRS
- Commission calculations
- Dedicated customer support

## Why Choose Trionfo?

### Simplicity and Integration

Our platform offers end-to-end simplicity and integrates seamlessly with carriers, payroll companies, and other software, making your processes hassle-free.

### Scalability and Customization

We own and manage and own our platform, ensuring it's scalable and customizable to meet your unique needs.

### Control

Trionfo empowers you to take control over your dollar, time, and experience:

- Maximize value from your benefits spend.
- Achieve more in less time.
- Customize your interaction with our platform to suit your decision-making process.
